

CARAMEL30

**PRAIRIE
MALT™**

MALTING AND THE NEW FLAVOR FRONTIER

Prairie **CARAMEL 30** is slightly darker and sweeter than its sister malt, Caramel 20, but has similar features. Expect to see a spectrum of beautiful amber hues with mild caramel sweetness in your beer. You can use Caramel 30 to add color and sweetness to your beer across a wide variety of styles.

MALT ANALYSIS
