# MALTING AND THE NEW FLAVOR FRONTIER

**PRAIRIE SELECT** is the latest and greatest innovation from Prairie Malt. Made with premium barley, this extraordinary malt features lower color than our other base malts and consequently is an ideal choice for brewing Pilsners, Light Lagers, and other recipes where low color is desired. With flavors and aromas that possess more of a distinctive elegance than your average base malt, Prairie Select tastes as profound as it performs. Use Prairie Select to brew beers with efficiency, consistency and character.
